Geology Technician Wanted!

Indiana Geological and Water Survey, Indiana University

Position Rank: Temporary Position Employee (Hourly)
Salary: $10.15/hour or higher based on experience
Part-time Position: 15 – 20 hours/week
Openings: 1 Position Available

The successful applicant will spend 15 to 20 hours laboratory time per week in the preparation and analysis of IGWS subsurface bedrock cores and cuttings. Primary responsibilities involve sample photography, generating powdered samples, portable X-ray Fluorescence (pXRF) analysis, monitoring data quality, data management, plotting results, and providing regular updates to the project PI.

Basic geologic knowledge, attention to detail, and the ability to consistently carry out tasks with efficiency and minimal oversight are required. Training will be provided.

This is a great position for geoscience undergraduates looking for work experience to fill out their vitas prior to graduation. Possibilities exist to expand some aspects of this analytical work into student research projects.

Please contact Pat McLaughlin (Office S319; email: pimclaug@iu.edu) for more information.

The deadline for application is September 25, 2017. Starting date is negotiable.

Indiana University is an equal employment and Affirmative Action Employer and a provider of ADA services. All qualified applicants will receive consideration for employment without regard to age, ethnicity, color, race, religion, sex, sexual orientation or identity, marital status, national origin, disability status or protected veteran status.
